

# Support a Local Paintball Team: Become a Sponsor!!

What is paintball? How would I sponsor? What would I gain from sponsoring? Good questions! Paintball is a fairly new sport growing in popularity across the nation, where you have 2 teams consisting of 5-10 people who try to score points by eliminating opponets. You could sponsor by supplying the team with any of the below articles while the team would supply you with advertising at any sanctioned events whether that be across town or across the state, the team could provide for you just about any service you require. So the question of what you would get out of this deal is completely negotiable depending on what and/or the amount of the sponsorship.

There are many ways to sponsor a paintball team, these are just a few: 1 Time, Bimonthly, Monthly, Biyearly, Yearly and on a Needs Basis. Each type of sponsorship is more than welcome and each comes with there own perks as well. So, that you have decided to sponsor what can you contribute to the team? Depending on the amount you would like to contribute and the type of sponsorship you are going for the team is always in constant need of the following: Paintballs, HPA (air), Tournament Fees, and Marker Upgrades. If you would like to contribute just once then any of the previous is more then acceptable but one time needs also include: Team Apparel, Safety Equipment and Markers (Paintball Guns). If you have something special in mind that is ok, everything is negotiable. What will the team do for you now that you have contributed, here are some ideas: Community Service in the name of your company, Services for the company, Advertising at any sanctioned event, and/or anything you can really think of, you will also relieve free of charge a Sponsorship award, a Newsletter on team updates, Pictures of team members with profiles, and Possible trophy displays. If you still want to sponsor that is great or if you have questions about sponsoring contact:
